The Crystal Ballroom is a chic live event and wedding venue located alongside the historic Somerville Theatre in Somerville's Davis Square.

Host your festivities in our lounge fitted with a full-service bar and comfortable seating overlooking the Square, then usher your guests into the ballroom. This spacious room features high ceilings and stylish fixtures; tall arched windows fill the room with natural light. Once the sun sets, chandeliers and a tailored lighting package will accentuate the ambiance you want for your special occasion. An elevated stage is available for the sweethearts' table, your chosen band, or a DJ.

Our wedding package offers you a selection of bar and beverage options best suiting your needs and budget, and our provided tables and seating can be arranged in a number of floor plan arrangements to ensure your guests have a perfect dining experience!
